TEXT AND READING: (educational value, quantity, readability, etc.)

Reading was informative but excessive in amount. Did not need to read all that to learn the subject

ASSIGNMENTS: (Educational value, quantity, difficulty, etc.)

no assignments

TESTS OR EXAMS: (degree of difficulty, frequency, comprehensiveness, etc.)

Too difficult - too much info to know/memorize, too few questions that test memorization rather than knowledge.

GENERAL COMMENTS ON THE CLASS AS A WHOLE:

John Baldwin is a great, enthusiastic professor. However, the content of this class was a little drab. There was a LOT of reading, and tests only tested on a little bit of it. It feels like cramming that much info in my brain was just done in vain.

TEXT AND READING: (educational value, quantity, readability, etc.)

A lot of reading but it is fair. Easy to follow and comprehend. Connected to the teachings in lecture and really targeted the concept of the course.

ASSIGNMENTS: (Educational value, quantity, difficulty, etc.)

Fair amount of assignments (reading) although sometimes it is more than others, it is manageable. Not difficult to follow.

TESTS OR EXAMS: (degree of difficulty, frequency, comprehensiveness, etc.)

At a fair degree as long as the readings have been done. Assigned every two weeks makes it easier to comprehend the material.

GENERAL COMMENTS ON THE CLASS AS A WHOLE:

Great course, made me realize it was the right choice to switch to a Sociology major. Opened up my eyes and mind about life. Amazing instructor and made the course enjoyable.

TEXT AND READING: (educational value, quantity, readability, etc.)

The textbook BPEL had good info but was very dense (no images). BPEL readings were sometimes very long & dreary although overall had good implications.

Reader articles were very good & interesting

ASSIGNMENTS: (Educational value, quantity, difficulty, etc.)

Only had midterms

TESTS OR EXAMS: (degree of difficulty, frequency, comprehensiveness, etc.)

midterms allowed a student to show what they knew rather easily - also was never sure how to get 100% on test questions though grading seemed rather arbitrary

GENERAL COMMENTS ON THE CLASS AS A WHOLE:

Best class I've ever taken! John's enthusiasm & real-life applications made me look forward to this class ~~on a weekly~~ ^{every} ~~three~~ ^{three} times/week. I hope to take more classes with him. I wish office hours had been easier to access but whenever I went it was at least a 30-min wait to talk with him.

Thank you for your enthusiasm - you are great

TEXT AND READING: (educational value, quantity, readability, etc.)

Loved BPEL, but after the first couple sections I felt they lost relevancy to the class. Thought maybe more of the questions could be pulled from BPEL's chapter questions

ASSIGNMENTS: (Educational value, quantity, difficulty, etc.)

N/A

TESTS OR EXAMS: (degree of difficulty, frequency, comprehensiveness, etc.)

Midterms were pretty difficult, but only because of their specificity. Thought they adequately tested my knowledge of the course, overall happy.

GENERAL COMMENTS ON THE CLASS AS A WHOLE:

John is a unique lecturer who is able to garner retention of the material like no other class. Loved the material, and very glad I took this class, especially with prof. Baldwin. He's a great asset to this university love love love him!

TEXT AND READING: (educational value, quantity, readability, etc.)

The texts were educational and they are very readable. They are connected very well to what we read & learn in class. Very enjoyable reading.

ASSIGNMENTS: (Educational value, quantity, difficulty, etc.)

The readings were not very difficult, it is educational.

TESTS OR EXAMS: (degree of difficulty, frequency, comprehensiveness, etc.)

The degree of difficulty of the tests were not very difficult. It's all about the studying & if you study, then you should do good.

GENERAL COMMENTS ON THE CLASS AS A WHOLE:

I really enjoyed Baldwin's class. I definitely see myself enrolling to more of his courses. He's very knowledgeable and very enthusiastic about teaching that everyone feels the energy when he's teaching. One of the best professors thus far.
